RE: iGate Corporation & its Subsidiaries

To Whom it May Concern:

We write this letter to confirm our company GE Healthcare has an ongoing service agreement dated August 4, 2009 with iGate Corporation & its Subsidiaries (iGATE). Under this agreement, iGATE provides services in connection with various computer system and software projects. The projects entail software and system design, development, customization, testing, and integration, and I foresee the projects continuing for the next 24 to 36 months.

iGATE will be required to assign qualified and skilled employees to our work location(s) across the United States in order to fulfill its obligations under the agreement. These work locations include the following: Park Ridge, New Jersey; Barrington, IL; and Burlington, VT.

iGATE has the sole right to supervise, manage, control or direct the manner and means all work is to be carried out under the service agreement by iGATE's employees. The employees assigned by iGATE to our work locations shall remain, at all times, employees of iGATE and shall be directly managed and supervised by iGATE's account managers.

If you have any questions, please contact me.

Sincerely,

Wilkenson Chua
